

SALESFORCE DEVELOPER

Are you looking to take your career to the next level?

We are looking for passionate and ambitious IT professionals and Computer Science graduates to join Salesforce Platform and Solutions team whereby you will grow as a Salesforce Developer:

- You will be able to build from scratch and deeply expand your knowledge of the Salesforce Platform and its' declarative capabilities, as well as strong Apex & Lightning programming skills.
- You will work together with Architects and Engineering Leads on design & development of P&G internal business applications used across 50+ markets and delivering integrations in large-scale enterprise IT environment.
- You will drive digital transformation for P&G and learn business perspective from top CPG company.
- You will enjoy working in Agile and DevOps teams, learning and leveraging advanced CI/CD toolset.

Apply if you have:

- At least Bachelor's Degree in Computer Science;
- Knowledge of object-oriented programming (Java or C# or C++) and Clean Code rules;
- Foundational knowledge of CSS/ HTML and JS;
- Familiarity with design patterns, good unit and integration testing practices;
- Willingness to learn Architecture style/design for enterprise applications;
- The ability to work independently;
- Fluent English (written and spoken);

Qualifications

What would be advantageous (nice to have, but non-mandatory):

- Experience (1 to 3 years) in Salesforce development (APEX, LWC, Visualforce, metadata, integrations, SFDX and packaging);
- Salesforce certifications (Administrator or Platform Developer I);
- Experience in Veeva implementations/support;
- Knowledge of DevOps toolchain (code repository systems, deployment automation, project tracking);
- Experience in requirements gathering and analysis and working with the business stakeholders;
- DevOps / Agile programming mindset;
- Experience with TDD;

What we offer you:

- Work in international team with global responsibilities
- Internal coaching programs & training
- Company Salesforce-specific training program (including certifications)
- Competitive salary and benefits program (private health care, life insurance, P&G stock options, saving plans, lunch subsidy)
- Flexible working arrangements
- Long-term career with development and growth opportunities

Commitment from us:

- You'll be at the core of breakthrough innovations, be given exciting assignments, lead initiatives, and take ownership and responsibility. We will provide you with creative work spaces where new ideas flourish. All the while, we will offer you world-class training and development to help you become a leader in your field. And it's not just about what you will do, but how we will make you feel: welcomed, valued, purposeful, challenged, heard, and encouraged.
- We are an equal opportunity employer and value diversity at our company. We do not discriminate against individuals on the basis of race, colour, gender, age, national origin, religion, sexual orientation, gender identity or expression, marital status, citizenship, disability, HIV/AIDS status, or any other legally protected factor. Our people are all equally hardworking in outstanding ways: we come from diverse traditions, personal experiences and points of view. And we want to include yours.

Who we are:

P&G is a leading global consumer goods company whose winning brands are built around the model of innovation – including Always®, Ambi Pur®, Ariel®, Bonux®, Braun®, Blend-a-Med®, Fairy®, Gillette®, Head & Shoulders®, Lenor®, Naturella®, Olay®, Oral-B®, Pampers®, Pantene®, Vizir®, Vicks®. Whatever your passion is, we want to ignite your potential to become your very best self. We hold true to our purpose, values and principles as we seek to make a difference in the world around us.

You will engage in substantial work that will touch the lives of others and have a real impact. Everything at P&G starts with understanding - understanding our consumers and our employees as we innovate to improve lives now and for generations to come.
